DESCRIPTION

5,000-meter lot, bordering Yumbel and Quillón
5,000-square-meter lot, 100% flat, in a gated subdivision with excellent connectivity and great investment potential

Discover this excellent investment opportunity in the El Guanaco area, Yumbel commune, Biobío Region, very close to the border with Quillón. For sale: a 5,000 m² lot that is 100% flat, located within a gated subdivision with controlled access—ideal for those seeking tranquility, security, and excellent connectivity to the region's major cities.

One of the greatest advantages of this property is that the surface is completely flat, allowing you to make full use of 100% of the land without the need for earthwork. This represents significant savings during construction and gives you the freedom to design the project you've always envisioned—whether it's a family home, a second home, a group of cabins, a tourism project, or an investment with strong potential for appreciation.

The lot has direct access from the highway, allowing for convenient and easy access year-round. Additionally, it has power availability, which facilitates the development of any residential or investment project.

The El Guanaco area stands out for its natural surroundings, tranquility, and excellent strategic location. It is just a few minutes from Quillón, renowned for its spas, cuisine, and recreational activities, making it an ideal place both to live and to relax year-round.

The growing demand for lots in this area has driven steady appreciation in property values, making it an attractive option for investors and families who wish to enjoy nature without sacrificing proximity to services and urban centers.
